RE: Phone Advice  
Reg. 18523.1A

Hellena Postrk of Assemblyman Bob Campbell office received advice regarding written solicitation of contributions (18523.1A). She stated that Assemblyman Campbell was going to have a fundraiser for his current officeholder expenses. The regulation states that a candidate shall identify the committee by name, the specific office and the particular election. She was told that Campbell could have on the solicitation...name, the specific office and officeholder expenses (because the election date would be outdated).
